4 14点	(解答例1) I would tell my students to read out and not to be afraid to make mistakes. First, students can practice reading new words and phrases out loud. Secondly, I would tell students to read the textbook with proper stress. Finally, I would tell students to read with appropriate speed. By telling those things, students feel more comfortable reading out loud with their classmates watching. (64 words) (解答例2) I would explain to my students how to read aloud when they practice. Students should be aware of what they are going to do. It's not very effective to practice reading aloud without thinking about how to read. I will give my students different reading techniques to help them understand why it's important to read well. Students can understand reading materials by reading them. If they have a clear idea of what they do, the activities will be effective. (79 words)
